

Weekly News Roundup: VNU University of Law's Community-Focused Activities

Weekly News Roundup: VNU University of Law's Community-Focused Activities

Over the past week, the University held a series of academic and training activities with a wide public impact, drawing coverage from news agencies and media outlets.

The University thanks the journalists and news agencies who have supported its work of serving the community and sharing its knowledge and research results.

Below is a summary of the main events:

1. Talk on the Ethics of Artificial Intelligence (AI)

- Event: Talk program "Vietnam's National AI Ethics Framework: Directions and Core Values for Responsible AI Development."
- Focus: The discussion centered on addressing the gap between the pace of technological development and the slower pace of legal regulation.

2. Workshop Series with the Institute of Legal Strategy and Science

VNU University of Law worked with the Institute of Legal Strategy and Science, Ministry of Justice, to hold two strategic workshops on the "new era":

- Workshop 1: "Current Status and Solutions for Improving Legislation on the Organization and Operation of the State Apparatus in the New Era."
- Workshop 2: "Current Status and Solutions for Improving Criminal Law and Criminal

3. National Workshop on the Constitution

- Event: National workshop “Directions for a Comprehensive Amendment of the 2013 Constitution to Match Practical Needs and the Country’s Development Requirements in the New Period.”
- Focus: The workshop contributed expert input on constitutional reform and national development at a timely moment. It was the first academic forum in the country to address this task in depth, following Conclusion No. 17-KL/TW issued by the Politburo on 2 April 2026.
